### **\*\* Important Notice to Property Owners \*\***

The following items contain important information which you can use to protect your property

1. Permits and inspections are required for all work completed under the Pennsylvania Uniform Construction Code (UCC) & Township Ordinance. This includes all structural, electrical, plumbing, HVAC and other work. Inspections by our UCC certified inspectors are needed to ensure work being conducted on your property is safe and up to the minimum state & local standards.
2. All work completed on a property is the ultimate legal responsibility of the property owner. Projects completed without permits & inspections, or without permits properly being closed out, can lead to enforcement & violation actions being taken against the property owner, not the contractor.
3. The Township recommends that you verify that a Certificate of Completion has been issued for all permitted work on your property.
4. Township staff is here to help! Please contact us directly with any questions or concerns about the permit process.

By signing below, you acknowledge reading this document and that you are giving permission for your contractor to submit permit applications on your behalf (if applicable):
